EDUCATION

Bachelor of Engineering 2021 – present
CVM - The Charutar Vidhya Mandal University
CGPA - 9.45/10 (6th Semester)

NCERT (CLASS XII) - Aggregate : 85% 2020 – 2021
B.R.J.P Pardiwala English Medium School

GSEB (CLASS X) - Aggregate : 80% 2019 – 2020
B.R.J.P Pardiwala English Medium School

SKILLS

Languages:
C, C++, Java, Python, PHP, HTML - CSS, Javascript

Technologies:
Flask, My-SQL

Course Work
OOPS, RDBMS, DSA, Core Java

PROJECTS

Attendance Management System
An Automated attendance system that uses barcode scanner for marking attendance.
Uses **OpenCV**, **PyZbar** libraries of Python to scan the student's identity card to update his/her attendance of the day.
Build using **My-SQL**, **Flask(Python)** and **HTML, CSS, Javascript**.

Predicting Insurance Charges
This project employs data science techniques to predict insurance charges based on a diverse range of factors, providing valuable insights into the underlying drivers of pricing.
Uses libraries like **Pandas**, **NumPy**, **Matplotlib**, **Seaborn**, **Feature Extraction** to develop a robust framework for estimating insurance costs, thereby enhancing decision-making processes.

PROFESSIONAL EXPERIENCE

Data Science & Machine Learning Intern 05/2024 – 06/2024
iTechBrains Ahmedabad-
